8 As a general proposition perhaps the attitude of the municipality is not unreasonable At the same time the loss of revenue involved by allowing the proposed refunds is an important factor and the Municipality has many demands to meet - It appears from the President's letter dt 19 Oct 30 that some consideration has already been shown to the Grandeur of industry in the Mysore City It may not be right in these circumstances to compel the Municipality to forego any part of its present income I think we need not for the present press this matter -
